

## Mobile Phone Repair Technician (Level 3)

---

**More jobs from Transline Group**

A leading global mobile phone repair company is currently recruiting for a Level 3 Technician at their site in Northampton (UK) and Ashford, Kent (UK).

As an experienced electronics technician, you will be responsible for diagnostics and repairing any faults found, right down to component level repairs. Knowledge of schematics, PCB board assembly, radio frequency and ideally soldering are required, along with a keen attention to detail and the ability to work in a fast-paced/target-driven environment.

You will be working on some of the most advanced phones on the market today, so an up-to-date knowledge of modern technology trends is essential. As an approved repair centre, our client offers great training opportunities and future career development prospects.

Previous experience in mobile phone repair is highly preferable for Level 3, but if you have experience in electronics repair or PCB board assembly you may be suitable for other vacancies within the site, so please apply.

The following shift patterns are available, but flexibility is essential for this role:

**06:00-14:00, 14:00-22:00, and 22:00-06:00**

**Salary: £7,50-£8,00 per hour**

You can apply for this job by sending a CV/Written application (in English) to: [mikefinnerty@transline.co.uk](mailto:mikefinnerty@transline.co.uk)
