

## **10–15 DENTISTS TO FINLAND**

Mediradix is looking for to recruit 10–15 dentists to the public health care sector in Finland. The recruitment starts with an intensive Finnish language course, which starts in Zaragoza or Madrid in the early of March.

### **What we offer**

We offer interesting and full-time positions in modern public health care centers in Finland. All positions will be located in small towns around Finland. We offer you and your family a safe, clean and peaceful way of living in a beautiful Finnish rural area.

Mediradix has a good experience in recruiting Spanish dentists to Finland. Our first recruitment started in the beginning of 2013.

Furthermore, we offer comprehensive placement support, so you would feel welcome and comfortable to start working in a new country. We will help you with everything including

- moving arrangements to Finland
- finding a house and a car
- finding a school and day-care for your children
- authority contacts including tax and registry office
- networking with Spanish dentists in Finland
- helping you to get to know the town and what to do in free time
- support on all other every-day matters
- Spanish assistant

We also organize training courses for all our employees; for example, you will get an introduction course to the Finnish health care system.

The work is mainly regular hours during workdays, about 35-40 hours per week. We also provide insurance and health care for you. The monthly salary, depending on the position, previous experience and location is around:

- Gross salary starting from 4500 € per month (ca. 2900 € Net per month) after briefing period.

### **What we expect of you**

We are looking for general dentists with at least two years of demonstrable work experience. You should be able to speak and write fluent English. We also expect you to be willing to attend the three-month Finnish language course and learn Finnish, which is required to come to Finland.

Please, read carefully these requirements and be sure you fulfill them before applying.

### **Language course**

The intensive Finnish language course starts on beginning of March. The duration is around 3 months in which time you will learn enough Finnish to deal with the every-day matters in Finland. Accommodation during the course is not paid by our company. Language course will continue in Finland.

The work in Finland starts in May but the employment in Finland depends on your language level after the course.

### **How to apply**

Please send your **CV Europass in English** and **application letter in English** by the 5<sup>th</sup> of February to [ana.perez@mediradix.fi](mailto:ana.perez@mediradix.fi) with copy to [eures-zaragoza.octavio@sepe.es](mailto:eures-zaragoza.octavio@sepe.es).
