

“Here you won’t just be developing our IT but yourself, too.”

SAP Finance application developer* Finanzen

What you can look forward to:

Are you searching the right springboard for your career? Our IT offers a stable and innovative working environment! You will join your team colleagues in supporting our divisions with regard to all accounting/financial reporting applications (German Commercial Code, International Financial Reporting Standards). Working on projects, you will help to design and develop viable solutions, shape our Finance application landscape (SAP FI, CO, AA, SAP BW 7.3 on HANA among other things) and continuously optimise existing processes. Specifically, you will help to ensure smooth operations, realise concepts from end to end (design, programming, customizing, testing, roll-out and documentation), select and implement standard software and program the interfaces for connection of external systems.

What we can look forward to:

- Degree in computer science, business informatics or business administration focusing on computer science
- Initial experience in applications development, preferably in the field of business or SAP FI, and familiarity with the SAP development environment and associated tools
- Good programming skills in ABAP, preferably ABAP-OO
- Business and financial know-how, experience with SAP FI and good English
- Knowledge of SAP BW 7.3, the German Commercial Code and IFRS
- An analytical, conceptual thinker and real team player who tackles challenges in a creative and service-oriented manner

If, in addition to the above, you are highly motivated and relish the opportunity of continuously acquiring new knowledge and skills, we would love to hear from you as soon as possible. Please send us your application – quoting the reference number [JW-2690](#) – by [e-mail](#). Please include your salary expectations and earliest possible starting date. And if you’d like to find out more about who we are and what we do – and about why joining us is certain to be a good move – you can visit us online at www.aareal-jobs.com.
